Office of Care Coordination Newsletter MAY 2018

OC Health Care Agency Outreach & Engagement Team Builds Trust to Help Homeless Individuals

You've likely seen the Behavioral Health Services (BHS) Outreach & Engagement (O&E) team throughout Orange County — they're in the blue shirts — as they reach out to the homeless population to develop trusting relationships, reduce barriers to housing and facilitate linkage to resources and support services.

The team provides these services in multiple languages in public areas such as the Santa Ana Civic Center, cold weather armories, shelters and the Santa Ana Riverbed to connect vulnerable participants of all ages to mental health and substance use services, medical evaluation and treatment, and housing.

"The BHS O&E team has created a strong and reliable reputation within the homeless community as familiar and trustworthy people who can help," said Jason Austin, BHS Homeless Coordinator Division Manager, Navigation, Innovation and Training. "They have a strong passion for helping others and are willing to do whatever it takes to help the individuals they serve."

This past year, BHS O&E has developed new services and opportunities to reach the most vulnerable homeless individuals.

- **Whole Person Care (WPC):** Whole Person Care focuses on the coordination of physical and behavioral health and social services in a patient-centered approach to improve the well-being of Medi-Cal beneficiaries struggling with homelessness. The team works with hospital emergency rooms and serves as a point of entry for recuperative care facilities for acute and post-acute medical care in a supportive transitional housing environment.
- **Housing Opportunities:** BHS O&E staff complete an assessment tool used to match homeless individuals to a housing opportunity through the Coordinated Entry System. Staff also help the individual obtain the documents needed to link to housing. To date, the team has assessed 477 individuals, with 136 connected to permanent housing. See members share stories of how helping people connect with services is an inspiring experience in this [video](#).
- **Homeless Court:** Homeless court engages individuals who have homeless-related offenses such as vandalism, loitering or theft by offering opportunities to end their cycle of legal issues. The team works with court staff to identify individuals with behavioral health issues who may benefit from BHS O&E services.
- **Outreach Connection in Jails:** The BHS O&E team meets with individuals with a behavioral health issue who are soon to be released to create a housing plan and provide resources. Staff work weekly at the Men's Jail in Santa Ana and Theo Lacy facility in Orange.
- **Collaborative Efforts:** Staff regularly collaborate with cities, homeless liaison officers, housing providers, County operated and -contracted programs, and community-based organizations to ensure that homeless individuals are linked to resources.

Study Session on Building the County's System of Care

On Tuesday, April 17, 2018, the Orange County Board of Supervisors held a Special Meeting to have a study session on Building the County's System of Care. The study session began with opening remarks from Chairman Andrew Do, First District. Director of Care Coordination Susan Price presented an update on the Assessment of Homeless Services in Orange County, building a system of care that is integrated and regional to meet the unique needs of the community and provided an overview of housing resources and funding. The presentation also included an overview on Mental Health Services Act (MHSA) housing by Richard Sanchez, Director, OC Health Care Agency, and an overview of the County's budget by County Executive Officer Frank Kim.

The next steps in building the County's System of Care for homeless individuals and families:

- Extending the Armories for 90 days to provide cities the opportunity to identify and negotiate system contributions regionally
- Implement Service Planning Areas infrastructure:
 - Coordinated Entry System
 - Homeless Management Information System
 - Coordinated Homeless Assessment and Response Team (CHART) mobilization
 - Creation of Regional Navigation Centers which links individuals to mental health services, physical health services, public benefits, employment, and housing

What are Regional Navigation Centers?

Linkages to:

- Mental Health
- Physical Health
- Public Benefits
- Employment
- Housing

To obtain a copy of the presentation deck visit:

Unprecedented Engagement of Homeless Individuals

Although the Flood Control Channel Engagement Initiative and the Civic Center project were the most visible homelessness efforts led by the County to date, the County has been engaging the unsheltered homeless individuals residing in those locations for many years. There is a strong belief that it is the relationship building by OC Health Care Agency (HCA) Outreach & Engagement team and its contractor, City Net, which led to a higher-than-expected acceptance rate of shelter and services.

Since July 1, 2017, the County and City Net has engaged 1,182 individuals from the Flood Control Channel and Civic Center. Engagement is defined as any interaction between County and/or City Net staff with unsheltered homeless individuals for the purpose of providing services or assessments. A breakdown of those engagements is presented in the table below.

Location	Program in Which Engagement Occurred	Total Number of Individuals Engaged
Flood Control Channel	Ongoing Outreach and engagement prior to 30 day Motel-Shelter Program (July 1, 2017 to January 8, 2018)	251 Confirmed exits from Flood Control Channel
Flood Control Channel	30-day Motel-Shelter Program	697
Civic Center	Plaza of the Flags/Civic Center	234
TOTAL		1,182

Of these 1,182 individuals engaged by the County, an estimated 58 percent accepted shelter and/or service options presented to them while 42 percent declined all services.

Although these projects have concluded, the County will continue to provide outreach and assessment services to link homeless individuals in Orange County to services and maintain an operational number of shelter beds.

Since July 1, 2017, the County has engaged 45.7 percent (1,182) of the total number of unsheltered individuals (2,584) in the 2017 Point in Time County in Orange County.

Fullerton and Santa Ana Armory Emergency Shelters Extended for 90 Days

The County of Orange, in cooperation with the host cities of Fullerton and Santa Ana, is extending the County's Cold Weather Armory Emergency Shelters in Santa Ana and Fullerton an additional 90 days. This action allows the County program to continue providing more than 400 beds per night, (200 at Santa Ana and 237 at Fullerton), for three additional months with the approval of the California National Guard for use of their armories. The County opened the Santa Ana shelter early in October 2017.

Both armory shelters were originally scheduled to close April 15. The armory program typically runs December through April, with coordination and support from the California Military Department. The armories provide a safe place to sleep along with a nutritious meal, a warm shower, warm clothes and a wide variety of supportive services.

The armory program is operated by Mercy House through a contract and funding by the County's OC Community Resources department.

Cities are working to develop additional shelters to serve homeless throughout the county, and this extension of the armory program provides needed time to identify and develop plans for those locations.

The contract for the three-month extension is in an amount not to exceed \$800,000, which will be paid for through the County's General Fund. The Board of Supervisors authorized the funding to extend the operation of the two armories at the April 24, 2018, Board meeting.

SAFEPlace New Emergency Shelter for Women

On Thursday, February 15, 2018, the Board of Supervisors authorized the County Executive Officer to negotiate and execute an agreement with WISE Place for Women to open an emergency shelter for women. The shelter called SAFEPlace opened on March 18, 2018, at the direction of the court with limited capacity and is now fully operational.

SAFEPlace at WISEPlace for Women is a low barrier, emergency shelter for up to 60 women in Santa Ana. It provides case management, linkages to supportive services, and offers an opportunity for women to enter into transitional housing also operated by WISEPlace for Women. To date 81 unduplicated women have accessed the program.

Washington House New Emergency Shelter for Couples

The Board of Supervisors authorized the County Executive Officer to execute an agreement with American Family Housing to open Washington House, a low barrier shelter for households of two adults or adult couples. The program will serve a maximum of 16 individuals or eight households of two. American Family Housing will provide case management services and engagement rich environment to provide individuals experiencing homelessness a pathway to service connections, health care, housing and stability.

Exits to Increased Housing Stability

- **311** individuals from Courtyard Transitional Center since October 2016
- **70** individuals from Bridges at Kraemer Place since May 2017

Civic Center and Plaza of the Flags

The OC Health Care Agency (HCA) in partnership with the City of Santa Ana Police Department completed all assessments of homeless individual's residing the Civic Center on April 10, 2018. The Civic Center area is bounded by Civic Center Drive to the north, Santa Ana Boulevard/Fourth Street to the south, Flower Street to the west and Sycamore Street to the east.

As of April 12, 2018, the Plaza of the Flags area in the Civic Center was cleared of any encampments as the City of Santa Ana began enforcing its anti-camping ordinance.

At the conclusion of this project, HCA was able to complete 234 assessments of homeless individuals residing in the Civic Center Plaza. These were individuals residing in the Plaza of the Flags as well as those living within the boundaries of the Civic Center. Below is a table outlining the Actual Placement of the Civic Center population following assessments.

Program Categories	#of Placements
Courtyard Transitional Center	27 (17 confirmed placements)

Declined Services / Left on their own	135
TOTAL	234

Chairman Andrew Do, First District, and County Executive Officer Frank Kim visited the Plaza of the Flags after the initiative was completed.

Side by side comparison of the Plaza of the Flags in Santa Ana.

OC Health Care Agency Outreach & Engagement Team at the Plaza of the Flags on April 12, 2018, after having completed all assessments and placements into programs.

The successful completion of these assessment is the result of an effective and integrated collaboration between HCA Outreach & Engagement, Social Services Administration, OC Community Resources, City Net, Santa Ana Police Department and the City of Santa Ana.

In February 2018, the Social Services Agency (SSA) deployed staff to Bridges at Kraemer Place twice and its Mobile Response Vehicle (MRV) to the Courtyard Transitional Center five times and to the Santa Ana River Trail 10 times. In March 2018, SSA deployed staff to Bridges at Kraemer Place once and its MRV to the Courtyard Transitional Center five times.

SSA received 1,327 inquiries for services, including eligibility determinations and re-determinations, as applicable for CalFresh, Medi-Cal, CalWORKs and General Relief.

The chart below provides a brief summary of the SSA program requests received.

Location	Courtyard Transitional Center		Bridges at Kraemer Place		Santa Ana River Trail
	February	March	February	March	
Total Inquiries for Services	169	409	24	13	712
Type of Request*					
CalFresh Applications	16	46	1	2	92
General Relief Applications	38	80	4	1	126
Medi-Cal Applications	11	20	1	2	59
CalWORKs Applications	0	0	0	0	0
Inter-County Transfers	2	19	0	0	10
EBT Card Distribution	32	69	0	1	84
Bus Passes	35	82	3	0	120
Beneficiary Identification Card Distribution (Medi-Cal card)	12	53	0	2	68
Redeterminations	5	22	1	4	18

*This does not add up to the total number of inquiries as the total number of inquiries reflects each individual that approached SSA staff, regardless of the inquiry.

Support for Assembly Bill 1921 - CalWORKs: Housing Assistance

On Tuesday, March 12, 2018, the Board of Supervisors supported Assembly Bill 1921 authored by Assemblymember Brian Maienschein. AB 1921 seeks to amend the CalWORKs temporary housing assistance program by removing existing restrictions in order to more effectively alleviate child homelessness. The bill would eliminate the requirement that this assistance is limited to consecutive use, thereby allowing families to receive 16 cumulative days of temporary housing assistance per year for one episode in which the family has not secured permanent housing. This change will help prevent homeless families with children from losing their temporary housing assistance due to a disruption of use that can result from family emergencies or the pursuit of employment or housing opportunities elsewhere. Additionally, the bill would expand the types of housing providers under the CalWORKs permanent housing assistance program that could be utilized by recipients. While existing law allows recipients to utilize this assistance for payment to a commercial establishment, a shelter, or a person in the business of renting properties, this bill would also allow recipients to use their payment towards appropriate shared housing. Specifically, AB 1921 permits payments under the permanent housing assistance program to a "person with whom the family requesting assistance has executed a valid lease, sublease, or shared housing agreement" in order to increase housing options and help prevent homelessness among CalWORKs households.

Social Services Agency Provides Services with Compassion & Flexibility

In mid-February, the County of Orange, per an agreement reached in court with lawyers representing seven homeless individuals, developed an intensive outreach plan to transition individuals encamped along the Santa Ana River Trail into motel shelter for 30 days in order for OC Public Works to carry out an environmental remediation project on the riverbed. On February 14, 2018, Social Services Agency (SSA) was asked to deploy the Mobile Response Vehicle (MRV) to the riverbed the following day in support of these efforts in order to ensure that all individuals were aware of and connected to our eligibility programs.

Beginning Thursday, February 15, and through Saturday, February 24, the SSA MRV team deployed to the riverbed in various areas to assist the OC Health Care Agency (HCA) with outreach and to connect clients to services. The MRV team worked daily, including the weekends and a holiday, interacting with over 700 clients and processing nearly 280 applications for Medi-Cal, CalFresh and General Relief (GR) during the 10-day period.

What stands out most about SSA and the MRV team's support of this incredible effort was the compassionate and flexible collaboration between SSA and other County partners. The MRV served as a central hub for folks looking for information, and SSA staff ensured that they had the most up to date information in order to effectively connect clients with the various resources being provided. Demonstrating this collaboration, SSA's Information Technology team worked with OC Public Works to ensure that they could use the MRV's connectivity to create identification (ID) badges, as many of the homeless did not have ID cards. Additionally, SSA worked closely with HCA to ensure that clients were obtaining and providing the necessary documentation in order to determine eligibility for benefits. In one example, SSA shared with HCA that an individual could not receive GR until a doctor's note was provided. HCA drove the individual to the doctor immediately, received the appropriate documentation, and submitted the documentation to the MRV team in order to process the GR application.

Becky Juliano, retired Deputy Director of Administrative Services at OC Public Works, shared the following kind words about SSA's

role in this collaborative effort: "[The MRV] team is amazing. The group is extremely professional, and they manage to always remain calm in order to assist every person they come in contact with. I cannot say enough about [this] wonderful team. They are true partners in serving as One County!"

Many folks pitched in to ensure that our role in this outreach effort was successful. Thank you to everyone who worked long hours, worked on weekends and a holiday, and tirelessly served our clients. Your flexibility, compassion and positive attitudes were noticed by all and are greatly appreciated!

Flood Control Channel Engagement Initiative 30 day Motel-Sheltering Program Data

The following is an update from the OC Health Care Agency on the progress made to-date in response to the court stipulation pertaining to the Flood Control Channel/Santa Ana River Trail environmental remediation project.

On March 28, 2018, the County of Orange concluded its 30-day motel-sheltering program for occupants of the Flood Control Channel. The program, which began at the end of February 2018, encompassed 697 individuals. After an intensive 30 days of outreach, assessments and other various services, the disposition of the 697 individuals are included below.

Table 1 – Table provides a general summary of all 697 individuals who entered the program prior to assessments.

	# of Individuals
Number of Evictions (prior to assessment)	70
Persons Leaving Motels on Their Own (prior to assessment)	7
Unknown Disposition	31
Number of Individuals Assessed	589
TOTAL	697

Table 2 – Individuals who were assessed and received some form of shelter or services post-motel exit. Of the remaining 589 individuals in the motel-shelter program, this table identifies those who were assessed and agreed to his or her recommended actual placement. Generally, all of the individuals accepted some form of shelter, treatment or services from the County, City Net or partners, and were transported to the appropriate program.

Recommended Placement	# of Individuals
Full Service Partnerships (FSP)	149 This includes only those who are confirmed as enrolled in the program
FSP Partners: individuals who are not FSP-eligible but staying with a partner who is eligible	22
Recuperative Care	5
Substance Use Residential Treatment through County Programs	0
Substance Use Residential Treatment through Non-County Programs	23
Crisis Residential	1
Bridges at Kraemer Place	57 (40 confirmed placements)
Courtyard Transitional Center	16 (11 confirmed placements)
SAFE Place at WISE Place for Women	5 (5 confirmed placements)
Nonprofit Service Providers*	27
Other**	29
Hospitalization	1
Incarceration	3
TOTAL	338

Table 3 – Individuals who were assessed and declined shelter and services: Of the 589 individuals assessed, these individuals informed staff at the time of exit that they did not wish to accept any offered services or shelter options, the table below details the breakdown.

	# of Individuals
Declined All Services	111
No Shows/Left on Their Own	71
Staying with Family or Friends	39
Undecided	14
Evicted	7
Not Assessed/ No Actual Placement Identified	8
Deceased	1
TOTAL	251

In summary:

- Based on the 697 occupants of the Flood Control Channel who entered the 30-day motel-shelter program:
 - 48.5 percent accepted services and shelter after exiting the program
 - 36 percent declined any sort of services or shelter
 - 15.5 percent left the program before they could be assessed.
- The County of Orange ended the 30-days motel-shelter program on March 28, 2018.

*Non-profit service providers pertains to those that have chosen beds or programs that reside with other homeless service providers in Orange County such as Illumination Foundation, Mercy House, Brother Bridge Housing, Heritage North, Phoenix House and others.

**Other: this category includes individuals who are in bridge housing paid for while awaiting rapid rehousing or other services or are self-paying for housing.

Service Planning Areas

NORTH

North Orange County Public Safety Task Force and Volunteer Opportunity

On Friday, March 2, 2018, Senator Josh Newman was joined by law enforcement leaders from 10 North Orange County Cities to publicly launch the North Orange County Public Safety Task Force. The North Orange County Public Safety Task Force is comprised of the police chiefs of the following cities: Anaheim, Brea, Buena Park, Cypress, Fullerton, La Habra, La Palma, Placentia, Stanton and Yorba Linda. The Task Force was created through \$20 million in state budget funding secured by Senator Newman. The Task Force is a multi-jurisdictional four-year pilot program specifically geared toward developing new and more effective interdisciplinary approaches to gang prevention and homelessness outreach and intervention in North Orange County.

As part of the pilot, City Net has been contracted to conduct a multi-city homeless census from mid-March to early April.

CENTRAL

Grand Opening & Ribbon Cutting for The Cove

On Thursday, March 15, 2018, the grand opening and ribbon cutting for The Cove apartments took place. The Cove Apartments is a 12 unit multi-family apartment that will house seven veteran and six senior households. The Board of Supervisors awarded six project based Veteran Affairs Supportive Housing vouchers from the Orange County Housing Authority to house homeless veterans at The Cove.

SOUTH

United to End Homelessness

On Wednesday, March 7, 2018, top leaders from Orange County's corporate, philanthropic, faith-based, government and nonprofit sectors gathered at UC Irvine for the official launch of "United to End Homelessness." United to End Homelessness, a community-wide initiative lead by Orange County United Way, will work to ensure integrated and sustainable solutions are implemented for people suffering from homelessness in Orange County. A core element of the initiative will include identifying locations at which homeless individuals can be permanently housed, while addressing the underlying challenges that led them to live on the streets in the first place. For more information visit www.unitedtoendhomelessness.org.

2017 Annual Report

OC WASTE & RECYCLING

PREPARING FOR CHANGE

2017 brought to OCWR a new director, a new direction and a focus on massive legislation-driven change.

It was a year of preparing for change that targets a range of human and environmental issues, from climate change to a state-wide push toward zero waste and diverting and capturing food waste to help solve the problem of food insecurity.

In short the waste industry is in a state of flux. Regulations are converging to create a perfect storm for waste haulers, cities and OC Waste & Recycling. Many new laws are mandating diversion of organic waste, with a heightened focus on food waste. Responding to these regulations is complex, complicated and challenging. And it is urgent. Milestones for diverting organic waste from Orange County's landfills are fast approaching.

Through this annual report, we welcome you to review our progress and take a look at what the future holds.

LETTER FROM THE DIRECTOR

Not since 1989 when Assembly Bill 939 was enacted has California's solid waste industry faced legislation requirements so transformative. That made 2017 a year of preparing for change at OC Waste & Recycling. Moving forward, we will transition from "promoting" to "practicing" recycling at new, world-class levels. This transition responds to industry changes, including new and pending legislation, particularly AB 1594, AB 1826 and SB 1383.

The newest legislation, SB 1383, targets greenhouse gas emissions resulting from methane generated by organic waste. That includes processed green waste we currently use as alternative daily cover, a benefit we will lose by 2020. Therefore, we spent the latter half of 2017 researching and building teams to help us become a comprehensive resource recovery facility, which will include alternative uses for processed green waste. We also invested in relationship-building to help cities and jurisdictions meet the new mandates placed on them as waste generators.

In 2017, we achieved many significant milestones, including seven industry, engineering, and community outreach awards. We're proud of our work this year, and we invite you to review our 2017 Annual Report to learn more. Thank you and enjoy!

reception

OCWR manages one of the nation's premier solid waste disposal systems, serving residents and businesses in the County's 34 cities and unincorporated areas. Our three active landfills reflect environmental engineering at its best. They are among the largest in the state and annually receive more than 4 million tons of solid waste.

Mission

OC Waste & Recycling provides waste management services, protects the environment, and promotes recycling in order to ensure a safe and healthy community for current and future generations.

Vision

Our vision is to be the best waste management system in America.

system wide

WORLD-CLASS WASTE DISPOSAL

16,137
average tons per
day, based on
307 operational
days

OCWR's core business of landfilling continues with excellence in all areas. We averaged 47,000 transactions per month system-wide, and about 4.9 million tons of waste were disposed of during 307 days of operation.

Capital Improvements

Among operational highlights, work began in January on the second phase of the front slope improvement project at Olinda Landfill and partial final closure. This dual-purpose project includes implementation of the final closure of the section of the landfill that faces the community and includes landscaping to shield landfill operations from public view.

At Prima Deshecha Landfill, the third phase of viewshed improvement projects was completed. The trees planted provide a visual buffer between landfill operations and motorists on Ave. La Pata, which literally runs through the landfill.

INFRASTRUCTURE

At Frank R. Bowerman Landfill, crews installed the second phase of the soil buttress and liner construction that will provide **10.5 MILLION CUBIC YARDS** of capacity in addition to the **7 MILLION CUBIC YARDS** added the previous year. Work on a new crew quarters and storage facility began, which will add much-needed facilities to the site.

The department made significant progress in 2017 toward refreshing its aging landfill fleet with new, more efficient contemporary, regulatory-compliant heavy equipment. The new fleet features the best available technology for operations, including allowing for better grade control and utilization of landfills.

A Broadened Mission

For more than 50 years the County of Orange has been providing waste management services. Over time, the services offered to businesses and residents expanded to include regional Household Hazardous Waste Collection Centers, closed refuse station monitoring and environmental stewardship.

The newest regulations will add yet another area to OCWR's portfolio: **ORGANIC WASTE DIVERSION**. These complex and far-reaching regulations provide OCWR with opportunities to explore ways to divert organic materials. Composting is one way to address the organic waste diversion challenge. Planning for pilot composting projects was launched in 2017; the projects will test the economic and operational feasibility of composting on a larger scale.

The County provides four Hazardous Household Waste Collection Centers

8,042,100

DRIVING CHANGE:

NEW LEGISLATION

158,431
resident visits
to the HHW
centers

Three new bills in particular are recasting the waste industry in California. They represent different approaches to reaching the same goal: Divert organic waste from California's landfills. These regulatory pressures call for creative, entrepreneurial responses. OCWR's responses begin with a strategy based on a regional leadership approach. OCWR, waste haulers and cities are cutting a new path to the new, 21st-century waste industry.

SB 1383

METHANE EMISSIONS
REDUCTION

SB 1383 uses METHANE EMISSIONS REDUCTION AS THE DRIVING FORCE FOR ORGANIC WASTE DIVERSION AND EDIBLE FOOD RECOVERY. The two-part bill seeks to reduce organic waste by 75 percent and recover 20 percent of edible food for human consumption by 2025.

AB 1826

MANDATORY COMMERCIAL
ORGANICS RECYCLING

AB 1826 launched on January 1, 2017. It calls for MANDATORY COMMERCIAL ORGANICS RECYCLING. Through incremental implementation this bill seeks to divert 50 percent of commercial organic waste by January 1, 2020.

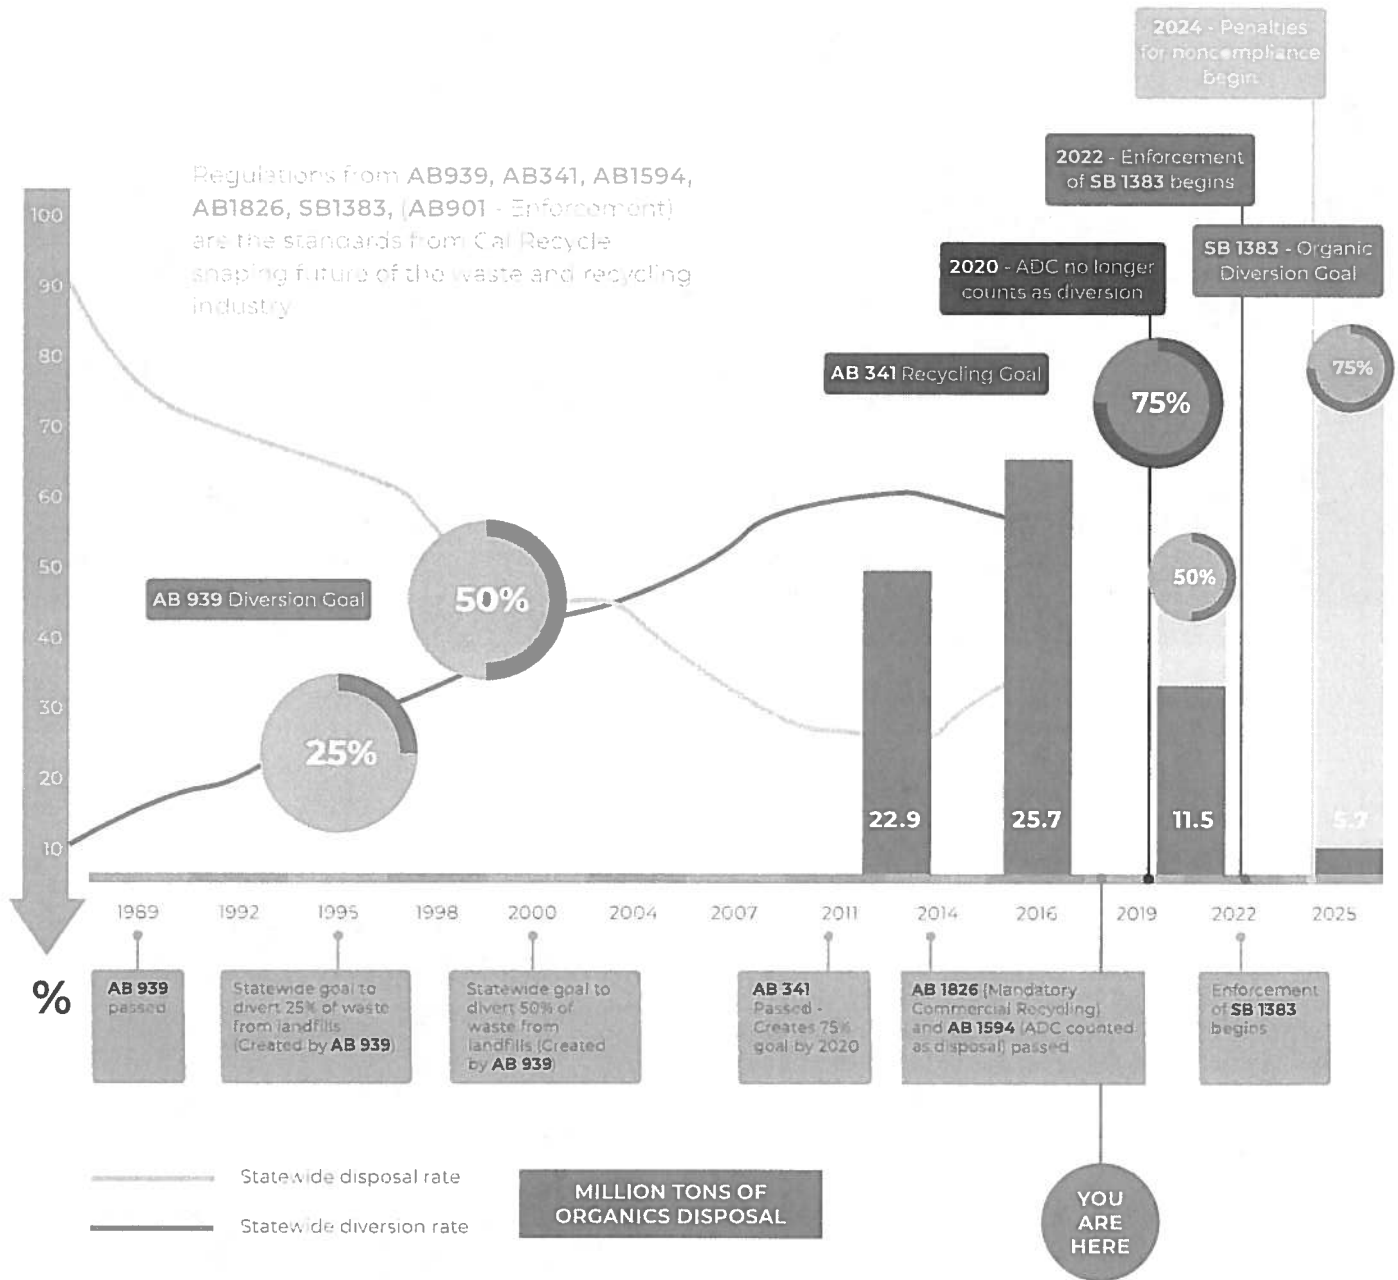

AB 1594

WASTE MANAGEMENT

AB 1594 redefines PROCESSED GREEN MATERIAL (PGM) used for alternative daily cover (ADC) as material for disposal rather than diversion.

BUILDING A REGIONAL APPROACH

Legislation beginning in 1989 set into motion an ongoing era of major industry transformation. OCWR is developing a collaborative approach that will create a regional solution.

**637,866
TONS**
of green waste
recycled as
alternative daily
cover

CHANGING LANDSCAPE:

PAVING THE WAY FOR
ORGANIC WASTE MANAGEMENT

Given that nearly 40 percent of the waste stream to OC's landfills consists of organic materials, Organics Management is a key strategic initiative articulated in OCWR's 2014-2019 Internal Strategic Plan. An Organics Initiative Committee was formed to prepare a plan for future organics recycling in County unincorporated areas, and to assist cities with future organics recycling requirements if possible.

What Our Organics Committee Has Been Exploring

During 2017 the Organics Initiative Committee members analyzed the regulations and existing market conditions for compost products, visited composting facilities in southern California and studied the feasibility of various potential locations for composting operations. The committee built a sound framework from which to begin implementation of small pilot projects at the landfill sites.

At the end of the year the committee expanded to include subcommittees that began working in tandem to determine how OCWR will move forward with composting as a regional organics solution.

EVOLVING TECHNOLOGIES:

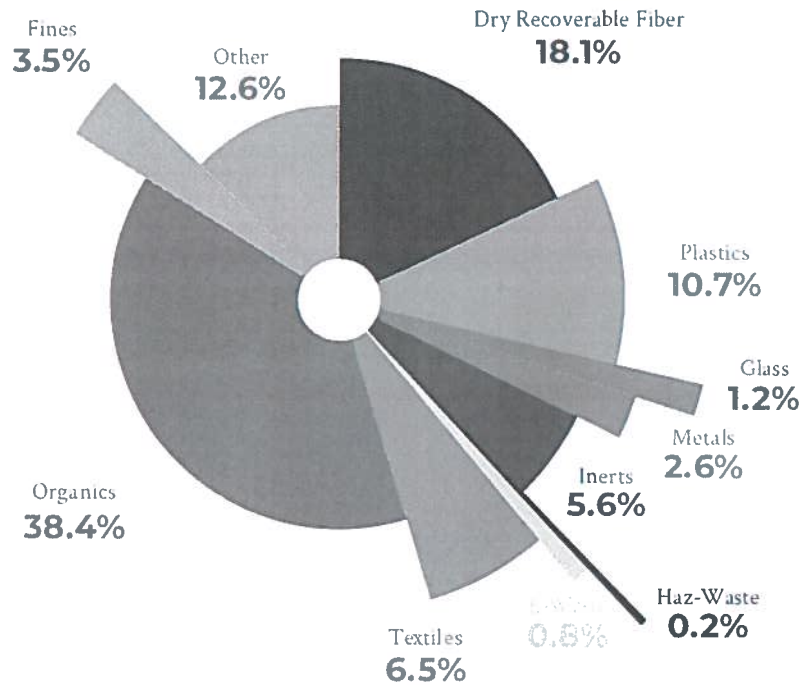

PAVING THE WAY FOR ORGANIC WASTE MANAGEMENT

210
trees planted

2017 also saw the completion of a study of renewable technologies opportunities. Among other research, a Waste Characterization Study provided data on the volume of organic material that would be diverted.

WASTE CHARACTERIZATION STUDY

The amount is sobering—40 PERCENT OF ORANGE COUNTY’S LANDFILL WASTE IS ORGANIC MATERIAL. More than one million tons per year will need to be diverted, in spite of a significantly lacking local organics processing infrastructure.

The study identified composting as the most favorable near-term local diversion solution, supported by the department’s valuable land assets and human infrastructure. Maintaining low, stable disposal rates remains a goal of every project.

Landfill Gas to RNG

Landfill-gas-to-renewable natural gas projects also are near-term projects. In 2017 OCWR began work to engage a developer to utilize the landfill gas and real estate at the Coyote Canyon closed landfill for energy-related facilities that may include electricity generation, fuel production or energy storage. Also a search was launched to find a qualified developer to utilize the excess landfill gas at the Bowerman Landfill.

GROWING TOGETHER:

ENGAGING OUR COMMUNITIES

105
landfill
tours

26
Community
engagement
events

In these days of hyper-local social media and a very crowded media landscape, OC Waste & Recycling is reaching out to Orange County communities and neighborhoods in various ways to engage, motivate and educate.

Educational Outreach of All Kinds

We launched a Speakers Bureau in 2017, providing experts free of charge to educational, municipal and community organizations. We continued our Landfill Tour Program, providing 105 tours to more than 1,500 residents. The popular Eco Challenge Exhibit at Discovery Cube Orange County reached more than 500,000 visitors in 2017. Discovery Cube also brought classroom programs to more than 3,476 5th- and 6th-grade students across Orange County. And Discovery Cube hosted the 2017 Earth Day event, which featured engaging activities and a visit from Angels Pitcher Matt Shoemaker.

OCWR also continued its partnerships with Angels Baseball and the Anaheim Ducks. As members of the Green Sports Alliance, both organizations are committed to improving their environmental performance. From activity booths at games to player appearances and community collection events, OCWR is leveraging outreach opportunities with the teams to reach multi-generational and multi-cultural audiences.

WASTE GRANTS

In 2017 OCWR issued a call for proposals for a \$3 million Regional Recycling and Waste Reduction Grant program, which is funded by the AB939 Self-Haul Surcharge. It offers funding to organizations that develop sustainable programs to support compliance with state-mandated organic waste diversion goals.

Applicants submitted innovative proposals for a range of residential and commercial education and diversion programs covering food recovery, organic waste collection and recycling, composting and school recycling. Funding begins in 2018, and we anticipate important results by the end of the year that can help energize the regional effort to meet state organic waste mandates.

Good Neighbor Program

Sometimes being a good neighbor means going the extra mile to solve a problem. OC Waste & Recycling's neighborliness was put to the test in 2017. Two concerns at two different landfills kept staff occupied, carefully tracking data in pursuit of a resolution.

In one landfill-adjacent neighborhood, a complicated set of weather-related circumstances caused a pungent odor. The landfill was assumed to be the source. Following a record number of calls about the odor OCWR took various steps, including engaging our partners at the City of Irvine, to help resolve the issue—which was not related to the landfill.

Throughout the landfill system, we employ best management practices, including prompt responses and ongoing, two-way communication, to resolve issues. To mitigate potential annoyances, we manage the hours of acceptance of odorous materials, plant trees between the landfill and the adjacent neighborhood and strategically use misting systems to keep odors in control, and install permanent litter fencing as needed.

Most importantly, a complaint reporting protocol gives neighbors direct access to management. We set a high standard for our department, and our neighbors have appreciated it.

YEAR IN REVIEW 2017

JANUARY

Work begins on the Olinda front slope improvement project, Phase 2 of the partial final closure.

FEBRUARY

To deliver on the OCWR Good Neighbor promise, OCWR identifies the source of an ongoing, non-landfill odor in a neighborhood adjacent to FRB and collaborates to get it resolved.

ORGANICS INITIATIVE

OCWR launches the Organics Strategic Initiative and begins baseline work to develop an organics program to address AB 1594 and SB 1383.

MARCH

After 15 years of service to OCWR, the last three as director, Dylan Wright leaves the department to serve as director of OC Community Services at the request of CEO Frank Kim.

North Region passes Cal Recycle/LEA 18-month inspection, with compliments from the regulators on how well the site looks and operates.

San Diego's local NBC news produces and airs a four-minute segment about the bird abatement program at Prima, showcasing OC Landfills' environmental stewardship and protection measures.

[WATCH VIDEO](#)

APRIL

OCWR Celebrates Earth Day Eco Challenge at Discovery Cube; Angels pitcher Matt Shoemaker and First District Supervisor Andrew Do lend their support.

OCWR resumes operational control of Landfill Gas Collection and Control System at the Coyote Canyon Landfill from the former gas-to-energy plant operator.

MAY

OCWR draws hundreds to Eco Challenge Day at the Fiesta Angels event; booth includes educational partners and Angels player Garrett Richards.

Dine at the Dump raises \$5,000 for United Way.

Landfill Tour Program receives a Golden Hub of Innovation Award in the category of Community Outreach.

JUNE

SPEAKERS BUREAU

Strategic Communications group launches OCWR Speakers Bureau.

JULY

Following a nationwide search Tom Koutroulis is named OCWR director, bringing more than 25 years professional waste and recycling industry and community relations experience.

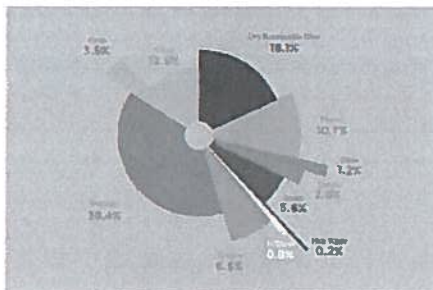

OCWR holds inaugural National Drive-Thru Day event to promote proper disposal of household hazardous waste at the department's HHW collection centers.

National Association of Counties honors Landfill Tour Program and Capital Improvement Planning Program Model with Achievement Awards.

AUGUST

Orange County Waste Characterization Study is published; reveals 38.4 percent of residential and commercial waste is organic material.

Solid Waste Association of North America (SWANA) honors Bowerman Power with a Silver Excellence Award and the Landfill Tour Program with a Bronze Excellence Award.

SEPTEMBER

Poster contest winners celebrated at Angel Stadium; contest draws a record 521 entries.

Board of Supervisors selects firms to develop a golf course at the closed Coyote Canyon Landfill.

Bowerman Power Project receives the Innovative Energy Project of the Year Award from the Association of Energy Engineers (AEE) Region V.

OCTOBER

2017 Golf Tournament raises more than \$20K for United Way.

OCWR completes major purchase of state-of-the-art landfill heavy equipment.

La Pata Gap Extension Project receives the WCCC Distinguished Project Award in collaboration with OC Public Works.

La Pata view shed Phase 3 completed.

NOVEMBER

Ducks partner with OCWR to promote recycling throughout OC and celebrate America Recycles Day at the Honda Center.

Construction of permanent cell towers at Coyote Canyon closed landfill begins; it's the next phase of the overhaul of the previous landfill gas to energy plant.

Permanent litter fence, misting systems and odor neutralizers installed at Prima as part of OCWR's Good Neighbor mitigation efforts.

DECEMBER

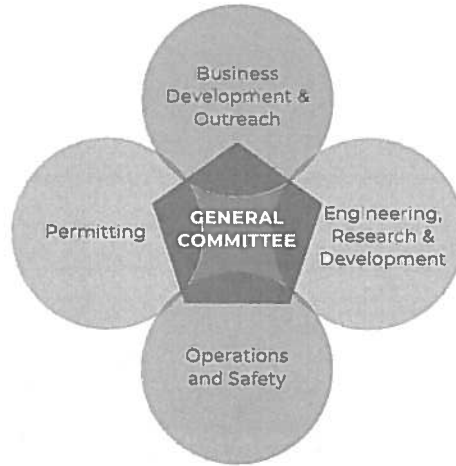

Rob Johnson elected chair and Don Froelich elected vice chair of Waste Management Commission.

World class mitigation efforts contribute to all three sites passing critical LEA inspections, despite multiple days of litter-generating, extremely high winds.

Project Work Group Structure

Organics Initiative Subcommittees launch and begin work on operational, management and community relations efforts tied to new organics legislation.

Testing of new drone operation begins.

OC WASTE & RECYCLING

10-YEAR FORECAST

OC WASTE & RECYCLING

TEN-YEAR FINANCIAL FORECAST

HIGHLIGHTS OF TEN-YEAR FINANCIAL FORECAST

OC Waste & Recycling is responsible for the administration and management of Orange County's solid waste disposal system. The Department is organized as an enterprise fund and is primarily supported by revenues from disposal fees that are charged to customers. OC Waste & Recycling receives no tax revenues or County General Fund contributions to support its operations.

System tonnage (includes in-County and importation tonnage) received in FY 2016/17 was 4.81 million tons, consisting of 3.05 million tons in-County and 1.76 million tons from importation sources. In-County and importation tonnage is forecasted at approximately 3.14 million tons and 1.75 million tons, respectively, in FY 2017/18. Although tonnage has increased over the past five years, an overall decline is projected for the forecasted period (CHART 1 and Table A. System Tonnage) due to the possible impact of state regulations regarding increased diversion, restrictions on types of tonnage disposed at the landfills, and the scheduled closure of the Olinda Alpha Landfill in FY 2021/22.

With the continuation of waste importation beyond June 30, 2016, from the approval of Amendment I to the Waste Disposal Agreements in April 2016 and OC Waste & Recycling projects net importation revenue sharing to the County in the range of \$8 million a year and the same amount going to Orange County cities.

The 10-Year Forecast included in this Annual Report is for FY 2017/18 through FY 2026/27. The forecast includes the assumption that the Olinda Alpha Landfill in Brea will close by December 31, 2021, per the existing agreement with the City of Brea. As of this report publication date, OC Waste & Recycling continues to work closely with the City to extend the operation of the landfill beyond that date to meet the available capacity for waste collection and continue to provide a valuable public service. The 2021 closure assumption of the Olinda Alpha Landfill included in this forecast impacts OC Waste & Recycling's tonnage projections. Because of permitted and contractual limits as to how much tonnage is allowed to be disposed, the forecast includes an assumption that if the Olinda Alpha Landfill were to close in 2021, there would not be an ability to continue importation at the other Orange County landfills.

System expenses include significant capital project costs related to the future development of the landfill and waste management system throughout the forecasted period (Table C. System Expenses). Expenses are projected to be higher than revenues in the years with large capital projects (CHART 2). OC Waste & Recycling will strategically utilize reserves as well as maximize operational efficiencies and monitor expenditures to decrease the shortfall. In addition, OC Waste & Recycling's long term financial strategy includes the pursuit of waste management alternatives such as renewable and conversion technologies, organic material management, and other revenue-generating options.

The schedule following CHART 1 and CHART 2 provides a two-year summary of audited financial data for fiscal years ending June 30, 2017 and 2016, respectively. In addition, detailed schedules for tonnage, revenues, expenses, cash reserves and accrued closure and postclosure liabilities for the 10-year forecast period are presented (Tables A through K).

April 30, 2018

#GGUSDPRIDE E-newsletter

The #GGUSD Pride E-newsletter features many of the great things happening in GGUSD. Send your photos to pio_department@ggusd.us to highlight your school or students in the e-newsletter.

A Leader in College Readiness

GGUSD continues to soar as a leader in college readiness across Orange County and throughout California. During the 2016-2017 school year, 57.5% of Garden Grove High School seniors met rigorous a-g college entrance requirements qualifying students to attend UC or CSU schools, compared to 52% across Orange County and 46.8% statewide.

GGUSD also saw more growth in college readiness rates than the Orange County and statewide average with GGUSD growing to 57.5% in 2016-2017, up from 51.6% in 2015-2016. In comparison, the Orange County and the California average only went up by approximately one percentage point.

The district's success is due in part to its outstanding school-wide implementation of AVID's college readiness curriculum at the intermediate and high school levels. Doig Intermediate School and Santiago High School have been named national demonstration schools by the AVID program and Alamos Interimmediate School was named a school-wide site of distinction. GGUSD is also breaking new ground by offering opportunities for sixth grade students to learn AVID strategies.

GGHS Class of 2017 salutatorian Tricia Viveros graduated college ready and now attends Yale.

Russell Hosts Cultural Festival

On Friday, April 27, Russell Elementary School hosted a Cultural Festival with student performances, carnival games, great food, and "Passport to the World" exhibits that were created by students to highlight the traditions of a variety of countries. GGUSD schools often host events to celebrate diversity and honor the many cultures of our students and families.

Zeyen's Distinguished Scholars

Recently, Zeyen Elementary School hosted a pancake breakfast for students and families and school-wide assembly to celebrate being named a 2018 California Distinguished School. The Distinguished School award is the state's top honor for the most inspiring public schools that demonstrate significant academic gains in narrowing the achievement gap.

AVID Students Earn Hundreds of Thousands in College Scholarships

Thirty AVID seniors from GGUSD were awarded more than \$640,000 in college scholarships during the 2018 AVID Senior Standout Recognition & Scholarship Presentation hosted on April 24 by the Orange County Department of Education. During the celebration, Los Amigos High School AVID Senior Standout Jessie Duran presented a keynote speech about overcoming personal obstacles and the power of AVID in her own life. [Click here](#) for more.

MENTAL HEALTH MATTERS

Rancho Alamitos High School students organized a series of engaging events to put a spotlight on Mental Health Awareness Week. Students brought in therapy dogs, hosted a yoga class, signed positivity ribbons, and promoted school-wide awareness about this important issue. Way To Go Vaqueros!

FULL SPEED AHEAD

Santiago High School's Automotive Technology Career Pathway is on a roll. The program received a brand new state-of-the-art Kia Stinger for students to work on. The car was donated by the Orange County Auto Dealers Association and KIA Motors as a result of Santiago students' first place win in a countywide auto skills competition. For more, [click here](#).

Alamitos Students Put A in STEAM

Alamitos Intermediate National Junior Honor Society students took part in the OC Fair STEAM (Science Technology, Engineering, Art, and Math) Imaginology exposition, where they created and submitted many individual and group projects. One of the group submissions was for the "Build Your Own Scarecrow" event where the students had to build a STEAM scarecrow. The students created and assembled Bob Ross, who definitely puts the "A" in STEAM! Way to show our creative side and CONDOR PRIDE!

GGHS Celebrates Vietnamese Culture

The Garden Grove High School Vietnamese Student Association (VSA) hosted its first Vietnamese Culture Night on April 20. The event was a special opportunity for students to preserve and promote Vietnamese culture, language, and tradition through music and arts. VSA students from Bolsa Grande High School and other nearby high schools also participated. Aside from musical performances, students also played videos that they created about what the Vietnamese language and culture mean to them.

"It is important to reflect on Vietnamese culture and identity and to embrace who we are as a Vietnamese culture and as Vietnamese Americans," said GGHS student Michelle Nguyen. What is so exciting about this event is that we began planning it for the 2018-19 school year. So many people became involved and had such incredible ideas and energy that we went ahead and scheduled it for this year."

Superintendent Serves as Sub

Superintendent Gabriela Mafi last Thursday spent the day at Fitz Intermediate School serving as a substitute teacher. Students enjoyed spending time with the superintendent, showing off their scholarly habits, and gaining tips on perseverance and grit. Dr. Mafi frequently spends time in the classroom to stay connected with students and staff. #ChooseGGUSD

Supporting Family Wellness

GGUSD co-hosted a Vietnamese Family Wellness Conference on Saturday at Golden West College. The event was made possible by the BPSOS, Boys & Girls Club of Garden Grove, Garden Grove Police Department, Project Motivate, and Waymakers. The conference provided families with information about healthy family communication, stress management, and youth wellness. GGUSD Board of Education Trustee Walter Muneton, district administrators, Student Services staff, and the Parent and Community Outreach team attended the event to provide important information about mental health.

La Quinta Students Excel in E-Sports

La Quinta's team Rizette took second place at the 2018 Orange County High School Esports League championship this past Saturday. The La Quinta esports program was recognized with many season-ending awards, which are voted on by players and coaches, and included numerous individual accolades as well the Excellence in Club Development award. Way to LQ!

Officers had another busy shift last night which including two firearm arrests. The first firearm was located after a suspect fought with a police officer and was then involved in a short foot chase. The suspect hid the firearm during the foot chase but it was located by K-9 Vader. The suspect was also found to be in possession of a large amount of methamphetamine. The second firearm was located at a motel after probation and police officers conducted a probation check. Both suspects are on AB109 and were transported to county jail on a number of charges. **#GGPD32 #JoinGGPD #PoliceWork #AB109**

MOTORCYCLE COLLIDES WITH CAR ON 22 FREEWAY

3.0k 107 20 20% 737

Fire fighters responded to the eastbound 22 Freeway near Fairview Street shortly after 5:00 p.m. this afternoon for a traffic collision with entrapment. A male in his 60's on a motorcycle collided with a car which resulted in a three-vehicle traffic collision with the male trapped under one of the vehicles and eastbound lanes to be shut down. Garden Grove fire fighters used heavy rescue tools to lift the vehicle off the motorist. It took crews approximately 15 minutes to the patient.

The patient was treated by fire fighter paramedics, and transported to a local trauma center in serious but stable condition. There were no other injuries reported by the other drivers.

Coach of the year

Garden Grove High basketball coach Ken Frank has been selected by his peers as Orange County basketball coach of the year, said Jesse James of Orange Coast Optimist Club, the presenter of the awards.

Lindsey Sundin of the Aliso Niguel High was named coach of the year for girls basketball.

The awards were presented at the banquet for the 53rd annual O.C. all-star game game, which was played recently at Cypress College.

Frank guided the Argonauts (27-2) to the Garden Grove League title and the CIF-SS Division 5-AAA quarterfinals. Congrats, Coach Frank.

City to hold reception for college graduates

Orange County News
May 2, 2018

Mayor Steve Jones and the council will be on hand

If you're about to graduate college, this is your time to shine.

Out in the world, in your chosen field.

And here at home.

For a sixth year, the city is recognizing Garden Grove college graduates for their outstanding accomplishments in higher education.

The city is seeking names and information from Garden

Grove residents who will receive a spring, summer, or fall 2018 undergraduate or post-graduate academic degree from any college or university.

Graduates will be invited to attend a free private reception, hosted by Mayor Steve Jones and the Garden Grove City Council.

At the catered reception, each graduate will have the opportunity to network with local professionals and win raffle prizes.

For more information, call the Office of Community Relations at 714-741-5280 or email communityrelations@garden-grove.org.

To see photos from last year's recognition, visit the city's Facebook page.

City leaders thank the generous sponsorships from Title

Sponsor: Garden Grove Shell #1; Event Sponsors: Paris Baguette; Garden Grove Chamber of Commerce, Women's Division; Garden Grove Unified School District; Giuliano's Specialty Foods; Kiwanis Club of Garden Grove; Nicholas Dibs, Teacher and Non-profit CEO; Strawberry Festival Association; and the Woman's Civic Club of Garden Grove.

To become a sponsor, contact

the Office of Community Relations at 714-741-5280 or email a sponsorship form to communityrelations@garden-grove.org. Sponsorship benefits include an invitation to the event and company recognition in event publicity.

To future college grads: congratulations!

To sponsors supporting their success: thank you!

District excels at college prep

GGUSD saw more growth in college readiness rates than OC and statewide average

The Garden Grove Unified School District continues to soar as a leader in college readiness across Orange County and throughout California.

During the 2016-2017 school year, 57.5 percent of Garden Grove High School seniors met rigorous a-g college entrance

“Our teachers and instructional leaders are producing powerful results around college readiness and our students continue to rise to high academic expectations” — Bob Harden, Board of Education president

requirements qualifying students to attend UC or CSU schools, compared to 52 percent across Orange County and 46.8 percent statewide.

The district also saw more growth in college readiness rates than the Orange County and statewide average with GGUSD

Courtesy photo

Garden Grove High School Class of 2017 Salutatorian Tricia Viveros graduated college-ready and currently attends Yale University.

growing to 57.5 percent in 2016-2017, up from 51.6 percent in 2015-2016. In comparison, the
see COLLEGE, page 4

COLLEGE:

Continued from page 1

Orange County and the California average only went up by approximately one percentage

point.

“We are 100 percent focused on guaranteeing that when our students leave GGUSD, they are prepared for lifelong success,” said Bob Harden, Board of Education president. “Our teach-

ers and instructional leaders are producing powerful results around college readiness and our students continue to rise to high academic expectations.”

The district’s success is due in part to its outstanding school-wide implementation of AVID’s college readiness curriculum at the intermediate and high school levels. Doig Intermediate School and Santiago High School have been named national demonstration schools by the AVID program and Alamos Interim School was named a school-wide site of distinction. GGUSD is also breaking new ground by offering opportunities for sixth grade students to learn AVID strategies.

GGUSD has also demonstrated double-digit growth in college readiness rates over the last decade, growing from 28.9 percent of a-g completion in 2005 to 57.5 percent today.

Seniors earn \$640,000 in scholarships

GGUSD students get college help from AVID

Thirty AVID seniors from Garden Grove Unified School District were awarded more than \$640,000 in college scholarships during the 2018 AVID Senior Standout Recognition & Scholarship Presentation hosted on April 24 by the Orange County Department of Education (OCDE).

The event recognizes impressive senior standout students who are part of the AVID program at high schools across Orange County.

"The AVID program has become one of the most impactful and meaningful experiences our students have the opportunity to participate in while here at GGUSD," said Lan Nguyen, Board of Education vice president. "Our AVID senior standouts are college-ready leaders who are eager to pursue exciting goals and these scholarships are extremely helpful in putting them on a path to success."

During the countywide celebration, Los Amigos High School AVID Senior Standout Jessie Duran presented a keynote speech about overcoming personal obstacles, the power of AVID in her own life, and the college goals she is already on her way to achieving.

Senior standout students from GGUSD included Nadyah Shah, Bolsa Grande High School; Jessica Talingo, Garden Grove High School; Yiwen Tan, La Quinta High School; Jessie Duran, Los Amigos High School; Patsy Alcocer, Pacifica High School; Phillip Huynh,

Courtesy photo

Los Amigos High School senior Jessie Duran was recognized as an AVID Senior Standout and provided a keynote speech at the Orange County Department of Education's 2018 AVID Senior Standout Recognition & Scholarship Presentation.

Rancho Alamitos High School; and Jennifer Navarrete, Santiago High School.

GGUSD is a leader in college readiness and outperforms the county and state in the number of high school seniors completing rigorous college entrance exams, due in large part, to the widespread implementation of AVID in GGUSD intermediate and high schools.

Doig Intermediate School and Santiago High School have been named national demonstration schools by the AVID program and Alamitos Intermediate School was named a school-wide site of distinction.

The district is also breaking new ground by offering opportunities for sixth grade students to learn AVID strategies.

Students gifted with new wheels

Courtesy photo

Santiago High School students and staff celebrate the accomplishments of the school's automotive students in recent competitions and the donation of a Kia Stinger to Santiago's Automotive Technology Career Pathway program.

State-of-the-art vehicle donated by OCADA and KIA Motors

Garden Grove Unified School District students in Santiago High School's Automotive Technology Career Pathway program now have a state-of-the-art vehicle to work on thanks to the Orange County Auto Dealers Association (OCADA) and KIA Motors, who recently donated a brand new Kia Stinger to the program as a result of Santiago students' first place finish in a county-wide competition earlier this year.

"We are grateful for the generosity of OCADA and their dedication to helping strengthen career and technical education in our schools," said Walter Mu-

• see AUTO, page 4

AUTO:

Continued from page 1

neton, district Board of Education trustee. "This donation will help students develop in-demand skills that will prepare them to work in tomorrow's automotive industry."

This is just the latest incentive

the auto program, led by teacher Carlos Sanchez, has received as a result of outperforming 120 students from districts across the county and taking first place in the OCADA High School Automotive Competition held at Kia Motors of America this past February. Students also earned a trip to New York to represent the county in the National Automotive Technology

Competition held during New York International Auto Show.

The Santiago High School automotive program is just one of many Career and Technical Education pathways offered by the district, which offers rigorous and relevant pathways that prepare students for college and careers in high-skill, high-demand industry sectors.

Sanctuary city battle heats up in OC

Stanton leaders will not join what they call a “costly” fight

By Brady Rhoades

Orange County activists are asking Latinos not to cooperate with police as a way to protest the growing number of cities in the county taking anti-sanctuary stances.

The group Hermandad Mexicana earlier this week announced a statewide campaign of “non-violent, non-cooperation” with all police authorities.

The move is a demonstration against Orange County cities — including Los Alamitos and Westminster — that oppose the California Values Act, which was OK'd in January 2018 and is meant to protect immigrants from civil rights abuses by limiting local law enforcement's ability to enforce federal immigration laws.

Cities opposing the law say it provides sanctuary to illegal immigrants, and a haven for criminals.

“I vote to support the Constitution,” said Westminster City Councilwoman Margie Rice, be-

fore the council voted to oppose the state law last week.

Garden Grove hasn't taken a position.

Stanton has no plans to vote on the matter. Mayor David Shawver said it's a costly battle, and Stanton prefers that its law enforcement focus on local crime, not enforcement of immigration laws.

“You know you're going to get sued by both sides — the federal government and the state,” Shawver said. “We're hanging on by a string here in Stanton.”

About half of Stanton's estimated 38,000 residents are Hispanic, according to Census figures.

Orange County has positioned itself at the center of a national debate. Several cities have joined the feds in opposing the state law signed by Gov. Jerry Brown earlier this year. The feds are taking legal action against California. Los Alamitos, Westminster and other cities are supporting the Justice Department

by making filings in court.

Leaders of the Hermandad Mexicana effort have taken their fight to Orange County Supervisors, the Santa Ana courthouse and Los Alamitos City Hall.

At issue, they say, are civil rights abuses against illegal and legal immigrants. They cite the current administration's “raids” as one example.

The California Values Act, or SB-54, was authored by State Sen. Kevin de Leon.

“The President needs to read up. He is wrong about immigrants and wrong about what makes our communities safer,” said de Leon. “Recent research by a UC San Diego professor shows sanctuary counties are not only safer than comparable non-sanctuary jurisdictions but are also better off economically.”

It remains to be seen whether large numbers of Latinos will join Hermandad Mexicana's protest by refusing to cooperate with law enforcement.

Locals commemorate

the Fall of Saigon

Ceremony is held at Sid Goldstein Freedom Park in WM

Immigrants from Vietnam — known as “Boat People” — show their pride as locals commemorated the 43-year anniversary of the Fall of Saigon on Sunday at Sid Goldstein Freedom Park in Westminster. Thousands from Westminster and Garden Grove — many of them soldiers and many others those that had to flee their homeland of Vietnam, attended.

A statue at Westminster Memorial Park.

By Loreen Berlin

Two ceremonies celebrated over the weekend honored those who fought for freedom in South Vietnam; Americans and South Vietnamese, fighting against the communist regime from the north.

Droves from Westminster and Garden Grove attended.

It was April 29, that fateful day in 1975, when Saigon, the capital of Vietnam, fell into the hands of the north.

A tragic date well remembered by Vietnamese-Americans.

This year marks the 43rd anniversary of Black April, and the Fall of Saigon.

The so-called "boat people" were honored at Westminster Memorial Park on Bolsa Avenue; the military was honored at Sid Goldstein Freedom Park on All-American Way in Westminster.

"We join together today at Westminster Memorial Park to honor sacrifices of the Vietnamese boat people who risked their lives for freedom," said Westminster Mayor Tri Ta. "Millions of Vietnamese left Vietnam after the Fall of Saigon. Many of them escaped Vietnam by boats but hundreds of thousands of Vietnamese lost their lives during the journey for freedom."

"The City of Westminster has strongly supported the community with many projects: the Vietnam War Monument at Sid Goldstein Freedom Park, the Black April moment at Westminster Memorial, and the kiosk.

"Freedom is not free. We have to

fight for it. United we stand and we stand for freedom," said Ta.

The ceremony at Sid Goldstein Freedom Park honored sacrifices of American and South Vietnamese soldiers who fought for freedom during the Vietnam War.

"The soldiers' sacrifices show important freedom was and still is," added Ta, as he thanked the Vietnamese boat people and monument committee for organizing the ceremony as a way for all to remember and honor who went before them in seeking freedom, and for the younger generation to know the journey of the Vietnamese people who fought for freedom.

"Let's honor those who sacrificed for freedom and let's continue to fight for freedom," Ta said.

Doctor Son H. Le addressed the young people.

"This monument is part of Vietnamese history. For those who didn't have to go through war, hunger, struggles and hardships of their grandparents and parents who fled a war-torn country," he said. "The only route for escape was across dangerous waters with people packed on top of one another in fragile wooden boats. For every person who escaped, thousands died before reaching America."

Garden Grove Councilman Phat Bui said, "It's been 43 years since the fall of Saigon, where close to 1 million perished under the sea. We have come a long way in our new home in the United States of America — where we have freedom, liberty and equality — because people have given their lives."

Garden Grove man pleads guilty to smuggling Asian arowana, the most expensive aquarium fish in the world

File photo of six Asian arowanas smuggled into LAX in 2009 in a difference case.

By **SEAN EMERY** | semery@scng.com | Orange County Register

PUBLISHED: May 2, 2018 at 2:50 pm | UPDATED: May 2, 2018 at 6:11 pm

A Garden Grove man admitted Wednesday to breaking federal law by helping to smuggle Asian arowana fish, identified as the most expensive aquarium fish in the world, into the United States from Indonesia.

Shawn Naolu Lee, during a hearing at a federal courthouse in Los Angeles, pleaded guilty to breaking the Endangered Species Act by importing a species of fish facing extinction.

In his plea agreement, Lee admitted to working with co-defendant Mickey Tanadi, who was located in Indonesia, to transport the fish, despite warnings from Tanadi that the Asian arowana fish are illegal in the United States and would have to be smuggled into the country.

Lee wired \$2,550 to Tanadi for eight Asian arowana fish, according to the plea deal. Authorities allege that Tanadi placed the fish in bags of water hidden in porcelain pots to avoid detection during shipping.

A U.S. Customs and Enforcement Protection officer flagged the package containing the pots after noticing that it was wet, according to court filings. The officer opened the package and found the fish, then notified the United States Fish and Wildlife Service.

Under the supervision of a Fish and Wildlife agent, the package was delivered to Lee's home, where he signed for it, according to the plea deal. Law enforcement stopped Lee minutes later as he drove away from the home, a bag holding the eight Asian Arowana fish in his vehicle.

It isn't clear how much Lee planned to sell the fish for. But federal prosecutors in court filings estimate that the fish were worth about \$1,000 to \$2,000 each, leading them to estimate that the shipment was worth more than \$6,500.

Lee is scheduled to return to court for sentencing on July 23.

ORANGE COUNTY TRIBUNE

31st Police Memorial is set for May 17

BY OC TRIBUNE STAFF ON MAY 1, 2018 • (LEAVE A COMMENT)

BELL IS sounded for each of the "Fallen Five" in 2017 Garden Grove Police Memorial (Orange County Tribune photo).

The Garden Grove Police Department's 31st Annual "Call to Duty" Police Memorial will take place on Thursday, May 17, from 5. to 6 p.m. in front of the Garden Grove Police building, located at 11301 Acacia Parkway. The annual service honors the five Garden Grove police officers who lost their lives in the line of duty. The memorial is open to the public.

(<https://orangecountytribune.files.wordpress.com/2016/09/ggpd.jpg>) For over three decades, the service brings together family, friends, and colleagues of Sergeant Myron L. Trapp, Officer Andy Reese, Officer Donald F. Reed, Officer Michael Rainford, and Master Officer Howard Dallies, Jr., as well as community organizations and the public, to pay tribute to the lives and ultimate sacrifices of these five fallen Garden Grove police heroes.

This year, the program will feature guest speaker, Officer Shaun Sandoval from the San Bernardino Police Department. Officer Sandoval was a first responder to the December 2015 terrorist attack in San Bernardino. He is also a former Garden Grove Police Department Explorer, Community Service Officer, and cadet. The program will also include a helicopter fly-over.

The ceremony includes the ringing of the Memorial Bell, 21-gun salute, riderless horse, and formal presentations to the surviving families. The Bolsa Grande High School Concert Choir will perform musical selections in honor of the occasion.

For details on the memorial, please contact the Garden Grove Police Department at (714) 741-5901, or visit Garden Grove City Hall or Garden Grove Police Department on Facebook.

Mickey Mouse, Wallin will lead SF parade

BY OC TRIBUNE STAFF ON MAY 1, 2018 • (LEAVE A COMMENT)

MICKEY MOUSE will be the celebrity grand marshal of the 2018 Strawberry Festival parade on May 26 in Garden Grove (Flicker/Loosey).

A pair of heroes of long service and fame will be leading Garden Grove's biggest annual event this month.

The 60th annual Strawberry Festival parade will be held on Saturday, May 26, 2018. This year's theme is "Celebrating 60 Years of Fun and Funding Charities," and in support of the theme, Jack Wallin, who has been on the board from the beginning, has been named Theme Grand Marshal.

(<https://orangecountytribune.files.wordpress.com/2018/04/2018-sf-logo.png>) In addition, the festival board has named the world-famous Mickey Mouse as the Garden Grove Strawberry Festival's Celebrity Grand Marshal. Disneyland Resort, the

festival's neighbor, also recently celebrated its 60th Anniversary Diamond Celebration in 2015. The four-day festival will be held Memorial Day Weekend Friday, May 25 through Monday, May 28.

Fifteen other celebrities will also be honored in the parade: Aparna Brielle (*A.P. Bio*); Mackenzie Hancsicsak (*This is Us*), Parker Bates (*This Is Us*); Humberto Luna (Hispanic Radio Personality); Emily Skinner (*Andi Mack*); Kristin Carey (*Scandal*); Kimrie Lewis (*Scandal*); Nancy Linehan Charles (*Minority Report*, *Young Sheldon*); Nicole Bilderback (*Good Girls*); Sally Pressman (*Army Wives*; *Good Girls*); Molly Jackson (*Andi Mack*); Maya Jade Frank (*Bizaardvark*); Sanai Victoria (*The Paynes*); Paul-Mikel Williams (*The 15:17 to Paris*; *Westworld*); and Jonathon Blum (U.S. Men's Olympic Ice Hockey Team).

JACK WALLIN will be the theme grand marshal for the 2018 Strawberry Festival parade (GGSF).

Jack Wallin, the 2018

Garden Grove Strawberry Festival parade Theme Grand Marshal, has served continuously on the festival board for 60 years. Every year since being on the board, Wallin, 89 years young, spends two solid weeks setting up the festival as board member in charge of grounds and rides. He coordinates layout and ride setup with the carnival company, and he works the grounds all four days of the huge Memorial Day weekend event. Wallin says he's honored to have been part of an organization for the past 60 years that has done so much good for the community. "Last year alone we raised over \$300,000 for local charities," he says.

Mickey Mouse: Alongside Disney Ambassador Mikey Trujillo, everyone's favorite pal Mickey Mouse will be the Celebrity Grand Marshall of this year's 60th Anniversary of the Garden Grove Strawberry Festival.

DUI crackdown over Cinco de Mayo

BY OC TRIBUNE STAFF ON APRIL 30, 2018 • (LEAVE A COMMENT)

A **DRUNK DRIVING** and driver's license enforcement efforts will be set up in Garden Grove For Cinco de Mayo.

Cinco de Mayo has become a deadly holiday due to drunk and drugged driving. Forty people were killed in impaired driving crashes across the nation during the Cinco de Mayo holiday period in 2015.

Officers from the Garden Grove Police Department's DUI Enforcement Team will be conducting a DUI / Driver's license checkpoint on May 5 from 8 p.m. to 3 a.m.

High Visibility Enforcement using both DUI checkpoints and DUI Saturation Patrols has proven to lower the number of persons killed and injured in alcohol or drug impaired crashes. Research shows that crashes involving an impaired driver can be reduced by up to 20 percent when well-publicized proactive DUI operations are conducted routinely.

From 2011-2015, 270 people were killed nationwide in impaired driving crashes during the Cinco de Mayo holiday period.

Officers will be looking for signs of alcohol and/or drug impairment. When possible, specially trained officers will be available to evaluate those suspected of drug-impaired driving, which now accounts for a growing number of impaired driving crashes.

Orange County's Vietnamese community honors those lost in fall of Saigon

Hoa Ho, left, of Garden Grove prays for her relatives at one of the 54 stones that contains the names of 6,000 deceased refugees at the 9th Annual Vietnamese Boat People Ceremony at Westminster Memorial Park in Westminster on Sunday, April 29, 2018. The event was to mark the 43rd anniversary of the fall of Saigon and to remember the thousands of refugees that lost their lives at sea while trying to escape Vietnam. (Photo by Leonard Ortiz, Orange County Register/SCNG)

By **STAFF REPORT** |

PUBLISHED: April 30, 2018 at 7:21 am | UPDATED: April 30, 2018 at 7:22 am

April 30, 2018, marks the 43rd anniversary of the fall of Saigon, the capital of South Vietnam, to Communist North Vietnamese forces.

On Sunday, members of Orange County's Vietnamese community gathered near the Vietnamese Boat People monument at Westminster Memorial Park to acknowledge the day and to remember the thousands of refugees lost at sea while trying to escape Vietnam. It was the end of two decades of war in Vietnam.

“Homegrown” school employees gather

BY OC TRIBUNE STAFF ON APRIL 27, 2018 • (LEAVE A COMMENT)

SOME OF THE 100-PLUS employees of the Garden Grove public schools who attended Thursday's "Homegrown" event (Orange County Tribune photos).

By Jim Tortolano

There's an old saying that advises: Bloom where you're planted.

On Thursday over 100 educators and others who were planted as students in the Garden Grove Unified School District and later bloomed as employees of the district gathered as part of the "GGUSD Homegrown" celebration.

That's just a part of the estimated 500 district personnel who are serving as teachers, food service workers, administrators and more in the county's second-largest school system after having sat in local classrooms.

“They say you can take the person out of the place, but you can’t take the place out of the person,” said Garden Grove Mayor Steve Jones. “In Garden Grove, actually, you can’t do either. So much of our hometown pride comes from the homegrown talent of the GGUSD.”

The event was held in the Community Meeting Center, located across the street from Garden Grove High School. Attendees were welcomed by music provided by the Mariachi Los Vaqueros group from Rancho Alamitos High School.

Addressing the audience were Jones, Superintendent Gabriela Mafi and three members of the GGUSD Board of Education. Culinary creations were provided by culinary students from Bolsa Grande, Santiago and Rancho high schools and food was donated by Doug’s Catering, Jay’s Catering, On the Rocks Bar and Grill and Los Sanchez Mexican Food.

STEVE JONES, Garden Grove Mayor.

“Your love and loyalty to our district is so inspirational,” said Mafi. “More than anything else, it’s the deep-seated love and loyalty to the district that brings us together. I wish I was home-grown. I grew up in [Los Angeles Unified School District] in South Central and boy, do I wish I was here. It’s the best place to be.”

MARIACHI LOS VAQUEROS from Rancho Alamitos High School entertained at the “Homegrown GGUSD” Event.

Aliso Niguel's Sundin, Garden Grove's Frank selected O.C. basketball coaches of the year

Lindsey Sundin of the Aliso Niguel girls and **Ken Frank** of the Garden Grove boys have been selected by their peers as Orange County basketball coaches of the year, said Jesse James of Orange Coast Optimist Club, the presenter of the awards.

The awards were presented at the banquet for the 53rd annual O.C. all-star game game, which was played Saturday night at Cypress College.

In her fourth season, Sundin led the Wolverines (19-9) to the South Coast League title and trips to the CIF-SS Division 2-AA semifinals and CIF State SoCal Division II regionals.

Frank guided the Argonauts (27-2) to the Garden Grove League title and the CIF-SS Division 5-AAA quarterfinals.

Homebuying around Beach Blvd. falls: 16 facts to know

Homebuying around Beach Blvd. falls: 16 facts to know

By **JONATHAN LANSNER** | jlansner@scng.com | Orange County Register
PUBLISHED: April 18, 2018 at 1:28 pm | UPDATED: April 23, 2018 at 12:25 pm

Homebuying in what we'll call the "Beach Blvd. Corridor" — in and around Huntington Beach, Fountain Valley, Garden Grove and Westminster — fell 12.3 percent in the past year.

For the 22 business days ending March 20, real estate tracker CoreLogic found these 16 trends in 13 Orange County ZIP codes covered by the Orange County Register's The Wave weekly ...

1. Purchases: Home sales in this period totaled 398 vs. 454 a year earlier, a decline of 12.3 percent in a year.

2. Who's up: In the region, prices rose in 11 ZIPs in the region and sales were up in 7 ZIPs.

3. Countywide: There was a \$720,000 median selling price, up 9.3 percent in a year. Sales of 3,170 vs. 3,111 a year earlier, a gain of 1.9 percent in a year. Prices rose in 68 out of 83 Orange County ZIPs and sales were up in 40 out of 83.

Here is how prices and sales moved at the community level ...

4. Fountain Valley 92708: \$755,000 median, down 1.6 percent in a year. Sales of 55 vs. 14 a year earlier, a gain of 57.1 percent in a year.

5. Garden Grove 92840: \$560,000 median, up 27.3 percent in a year. Sales of 29 vs. 28 a year earlier, a decline of 17.1 percent in a year.

6. Garden Grove 92841: \$600,000 median, up 4.3 percent in a year. Sales of 15 vs. 41 a-year earlier, a gain of 15.4 percent in a year.

7. Garden Grove 92843: \$560,000 median, up 9.4 percent in a year. Sales of 21 vs. 51 a year earlier, a decline of 8.7 percent in a year.

8. Garden Grove 92844: \$590,000 median, up 66.9 percent in a year. Sales of 9 vs. 38 a year earlier, a decline of 35.7 percent in a year.

9. Garden Grove 92845: \$665,000 median, up 4.7 percent in a year. Sales of 16 vs. 33 a year earlier, a gain of 6.7 percent in a year.

10. Huntington Beach 92646: \$647,500 median, down 4.1 percent in a year. Sales of 70 vs. 23 a year earlier, a gain of 37.3 percent in a year.

11. Huntington Beach 92647: \$725,000 median, up 5.9 percent in a year. Sales of 39 vs. 28 a year earlier, a gain of 39.3 percent in a year.

12. Huntington Beach 92648: \$986,250 median, down 4.9 percent in a year. Sales of 52 vs. 19 a year earlier, a gain of 26.8 percent in a year.

13. Huntington Beach 92649: \$758,000 median, up 5.5 percent in a year. Sales of 36 vs. 19 a year earlier, a decline of 14.3 percent in a year.

14. Midway City 92655: \$664,000 median, up 47.6 percent in a year. Sales of 4 vs. 63 a year earlier, a gain of 33.3 percent in a year.

15. Stanton 90680: \$412,500 median, up 3.1 percent in a year. Sales of 14 vs. 50 a year earlier, a decline of 26.3 percent in a year.

16. Westminster 92683: \$682,500 median, up 33.0 percent in a year. Sales of 38 vs. 47 a year earlier, a decline of 17.4 percent in a year.

Garden Grove: Tưởng Niệm Cảnh Sát Hy Sinh Vì Công Vụ

Sở cảnh sát Garden Grove sẽ tổ chức buổi lễ tưởng niệm vinh danh các cảnh sát đã hy sinh lúc thi hành công vụ lần thứ 30 vào lúc 5:00 giờ chiều ngày Thứ Năm, 17 tháng 5, 2018.

Buổi lễ sẽ được tổ chức tại ty cảnh sát Thành phố, tại địa chỉ là 11301 Acacia Parkway.

Năm cảnh sát viên được vinh danh gồm có: Ông Myron L. Trapp, Ông Andy Reese, Donald F. Reed, Ông Michael Rainford, và Howard Dallies, Jr.

Buổi lễ vinh danh sẽ có gia đình, thân nhân, bạn hữu của những nhân viên Thành phố cũng như nhân viên trong ngành luật pháp thuộc quận Cam đến tham dự.

Khách mời cho chương trình năm nay sẽ là Cảnh viên Shaun Sandoval từ Sở Cảnh sát San Bernardino. Cảnh viên Sandoval là người tiếp ứng đầu tiên trong cuộc tấn công khủng bố tháng 12 năm 2015 tại San Bernardino. Ông cũng là một cựu cảnh sát từ Sở Cảnh sát Garden Grove và từng là Cảnh viên phục vụ Cộng đồng. Chương trình cũng sẽ bao gồm một máy bay trực thăng bay qua. Năm nay, nhóm ca đoàn của trường trung học Bolsa Grande High School sẽ phụ trách phần văn nghệ.

Để biết thêm chi tiết, xin liên lạc về Sở cảnh sát Garden Grove ở số (714) 741-5901, hoặc theo dõi thông tin trên mạng xã hội tại Garden Grove City Hall hoặc Garden Grove Police Department.

**LỄ TƯỞNG NIỆM VINH DANH NHỮNG CẢNH SÁT
GARDEN GROVE ĐÃ HY SINH VÌ CÔNG VỤ**

Sở cảnh sát Garden Grove sẽ tổ chức buổi lễ tưởng niệm vinh danh các cảnh sát đã hy sinh lúc thi hành công vụ lần thứ 30 vào lúc 5:00 giờ chiều ngày Thứ Năm, 17 tháng 5, 2018. Buổi lễ sẽ được tổ chức tại Sở cảnh sát Thành phố, tại địa chỉ là 11301 Acacia Parkway.

Năm cảnh viên được vinh danh gồm có: Ông Myron L. Trapp, Ông Andy Reese, Donald F. Reed, Ông Michael Rainford, và Howard Dallies, Jr. Buổi lễ vinh danh sẽ có gia đình, thân nhân, bạn hữu của những nhân viên Thành phố cũng như nhân viên trong ngành luật pháp thuộc quận Cam đến tham dự.

Khách mời cho chương trình năm nay sẽ là Cảnh viên Shaun Sandoval từ Sở Cảnh sát San Bernardino. Cảnh viên Sandoval là người tiếp ứng đầu tiên trong cuộc tấn công khủng bố tháng 12 năm 2015 tại San Bernardino. Ông cũng là một cựu cảnh sát từ Sở Cảnh sát Garden Grove và từng là Cảnh viên phục vụ Cộng đồng. Chương trình cũng sẽ bao gồm một máy bay trực thăng bay qua. Năm nay, nhóm ca đoàn của trường trung học Bolsa Grande High School sẽ phụ trách phần văn nghệ.

Để biết thêm chi tiết, xin liên lạc về Sở cảnh sát Garden Grove ở số (714) 741-5901, hoặc theo dõi thông tin trên mạng xã hội tại Garden Grove City Hall hoặc Garden Grove Police Department.

Support Transportation, Communication and Public Works Bills that Provide Cities Tools, Resources and Flexibility

April 27, 2018

The Legislature introduces thousands of bills each year that affect the roles and responsibilities of local government.

There is always tension between local government and the impact statewide policies have on cities ability to make decisions reflective of local priorities. This year, in the area of transportation, communications and public works (TCPW), there are a number of positive bills for cities that acknowledge the ways in which local government serves residents.

After the passage of SB 1 in 2017, which doubled the amount of transportation funding for cities across the state, a trend has emerged in certain issue areas, but definitely not all, where the Legislature is recognizing the critical role cities have in improving safety and technology in transportation, communications, and emergency situations. The League is supporting the following bills:

Transportation

AB 87 (Ting) Autonomous Vehicles. This bill would codify regulations adopted by the California Department of Motor Vehicles that require manufacturers of autonomous vehicles to provide local authorities where testing is taking place; a list of all the roads being tested on, the days and times of testing, the number of vehicles being tested, and the contact information for a manufacturer. The bill would also codify the regulation requiring manufacturers to provide law enforcement with a law enforcement action plan detailing how to interact with such vehicles in any emergency or traffic incident. The bill has been referred to the Senate Transportation and Housing Committee.

AB 2363 (Friedman) Vehicles. Speed Laws. This bill would allow local governments and the California Department of Transportation to consider the potential for and/or frequency of traffic collisions resulting in death or injury as additional survey criteria for lowering speed limits by an additional five miles per hour. This bill has been referred to the Assembly Appropriations committee.

AB 2418 (Mullin) Transportation. Emerging Transportation Technologies. California Smart Cities Challenge Grant Program. This bill would establish the California Smart City Challenge Grant Program in the State General Fund for municipalities to compete for grant funding for emerging transportation technologies that promote congestion reduction, traveler safety, achieving environmental and climate change goals, mobility enhancement, connection of underserved communities, economic vitality, private investment, and innovation. This measure will be heard in the Assembly Appropriations Committee on May 2.

Communications

AB 1959 (Wood) Telecommunications. Universal Service Programs. This bill would extend the State's universal service and telecommunications programs that help support rural Californian's access to affordable advanced communication services. Specifically, the bill would extend the sunset date for both the California High-Cost Fund-A (CHCF-A) and California High-Cost Fund-B (CHCF-B) in order to continue to provide affordable basic telephone service to rural California. The programs subsidize small independent telephone companies and large telephone corporations to provide service in rural and smaller metropolitan communities. This measure will be heard in the Assembly Appropriations Committee on May 2.

SB 833 (McGuire) Emergency Alerts. Evacuation Orders. Operators. This bill would require the California Office of Emergency Services to ensure each city and county office of emergency management is a registered federal Wireless Emergency Alert (WEA) operator and has all the software, hardware, and training to operate that system. The bill would also require "Red Alerts" for evacuations. This bill is on the Assembly Appropriations Suspense File.

Public Works

AB 2249 (Cooley) Public Contracts. Local Agencies. Alternative Procedure. This bill would increase the dollar threshold for when certain construction projects have to go out to bid and when alternate bidding procedures apply. Specifically, the bill would codify the California Uniform Cost Accounting Commission recommendation to increase the no-bid cap from \$45,000–\$60,000, the informal bid level for projects between \$45,000–\$175,000 to a new range of \$60,000–\$200,000, and formal bidding procedures for anything above \$200,000. This bill has been sent to the Senate.

Next Steps

The League will continue to work with the Legislature to demonstrate that the well-being of California and its residents is much better off when the state works in collaboration with its cities.

With the emergence of new technologies, economies, and challenges, cities will continue to be the first level of government that can ensure success in dealing with these issues. Enhancing the tools and preserving the authority for local governments to effectively manage these immediate challenges is key in moving California forward.

Advocate for City Priorities in the State Budget

April 27, 2018

With state revenues expected to come in \$4.2 billion over previous estimates, the question of how to spend, or whether to spend, those additional revenues will likely dominate much of the budget negotiations that occur between Gov. Jerry Brown's May Budget Revise and the June 15 constitutional deadline for the Legislature to send the Governor its proposed FY 2018–19 budget.

The League is advocating for funding in the budget for cities to address homelessness, disaster preparedness activities, waste diversion and the Transformative Climate Communities (TCC) grant program.

In January, the Governor proposed a state budget with \$131.7 billion in General Fund spending and a total budget of \$190.3 billion when including special fund and bond proceed allocations. He proposed to put most of the projected \$6.1 billion of surplus funding to the state's reserves, which would bring the Rainy Day Fund to its full constitutional target of 10 percent of the General Fund.

The Governor's January proposal includes \$4.5 billion of new funding for state and local transportation projects through SB 1. Of the \$2.7 billion cities and counties would receive in FY 2018–19, \$1.2 billion would be generated by SB 1.

The League's analysis of what the Governor proposed in January is available on the League's website.

Budget Requests in Four Core Areas

The League is advocating for additional funding in the state budget in four priority areas.

Homelessness

Addressing the homelessness crisis is one of the League's top strategic goals. The Governor, however, in his January budget did not include any additional funding for homelessness programs or services. The League has joined the efforts of the state's big-city mayors in advocating for additional one-time funding to address homeless issues in the FY 2018–19 budget. The need for additional funding was also made clear to the Governor by League board members when he visited with the League board on April 19.

Two legislative measures have been introduced that reflect these requests. AB 3171 (Ting) is seeking \$1.5 billion and SB 912 (Beall) is seeking \$2 billion for this purpose.

The Joint Homelessness Task Force, convened by the League and the California State Association of Counties, released its report in March detailing the crisis and examples of how cities and counties can work collectively to help those living on the streets or vulnerable to homelessness.

Disaster Preparedness: \$100 million

The League is part of the Disaster Readiness for Safer Communities (DiSC) coalition that has requested \$100 million in additional funding for fire prevention and mutual aid support. This is an increase of \$75 million over the Governor's January budget proposal of \$25 million for local fire response from Cap-and-Trade revenues. Last year's devastating fires make it clear that California needs to be better prepared for future natural disasters. Firefighters and equipment must be pre-positioned to respond to extreme fire conditions.

Waste Diversion: \$100 million

Legislation enacted in 2016 set ambitious new organic waste diversion goals to reduce methane emissions: divert 50 percent of organic waste from landfills (below 2014 levels) by 2020 and 75 percent by 2025. Meeting these goals will require approximately \$3 billion in infrastructure. The Governor has proposed using \$20 million for waste diversion from Cap-and-Trade revenues. The League, local government partners and the solid waste community requested a \$100 million investment.

Transformative Climate Communities

Combatting climate change is a priority for California, with much of the work happening at the local level. Local agencies are willing to do their part in combating climate change, but resources are needed. The Transformative Climate Communities (TCC) program is designed to make significant change in California's most disadvantaged communities by empowering communities that receive the grants to create projects to reduce greenhouse gas emissions and local air pollution. The Governor has proposed \$25 million from Cap-and-Trade for TCC. Local governments are requesting \$100 million in funding plus expanded eligibility to reach beyond just the top 5 percent of disadvantaged communities.

Next Steps

The Governor is expected to release his May Budget Revise during the second week in May. Once it is released, the League will review the proposal for city impacts and distribute an analysis to cities.

Budget hearings will begin in earnest in May and go through mid-June. The Legislature must send the Governor a budget by June 15. The Governor then can sign it as proposed, but may also "blue pencil" individual line items that he does not want the state to fund. The new fiscal year begins July 1 and will run through June 30, 2019.

Cities are encouraged to support the League's budget funding requests.

Sample letters have been prepared that cities can use to support additional funding for homelessness, disaster preparedness, waste diversion and the TCC program.

Bills in Committee and Other Legislative Hearings of Interest, April 30–May 8

April 27, 2018

May will be a very busy month in the Capitol with a full agenda of legislative policy committees and the Governor's May Budget Revise in just a few weeks.

April 27 was the deadline for policy committee to hear and report to fiscal committees on fiscal bills introduced in their house of origin.

Some hearings, if not all, will be televised. The [Senate](#) and [Assembly](#) publish weekly television schedules, but audio is always available online. In addition, many hearings are also webcast via the [California Channel](#).

Here are a number of upcoming hearings of interest to cities:

April 30

Senate Appropriations, 10 a.m., State Capitol, Room 4203

- **HOT SB 834 (Jackson)** State lands: leasing: oil and gas. *League position: Support.*
- **SB 1300 (Jackson)** Unlawful employment practice: discrimination and harassment. *League position: Oppose.*
- **SB 1343 (Mitchell)** Employers: sexual harassment training: requirements. *League position: Support.*

Senate Business, Professions and Economic Development, 12 p.m., State Capitol, Room 3191

- Informational Hearing: Update on the Regulation of Massage Therapy in California: Business Oversight and Best Practices

May 1

Assembly Judiciary, 9 a.m., State Capitol, Room 437

- **AB 2123 (Cervantes)** District-based elections. *League position: Support.*

Senate Judiciary, 1:30 p.m., State Capitol, Room 112

- **SB 820 (Leyva)** Settlement agreements: confidentiality. *League position: Oppose.*

May 2

Assembly Appropriations, 9 a.m., State Capitol Room 4202

- **AB 1870 (Reyes)** Employment discrimination: unlawful employment practices. *League position: Oppose Unless Amended.*
- **AB 1959 (Wood)** Telecommunications: universal services programs. *League position: Support.*
- **HOT AB 2268 (Reyes)** Local government finance: property tax revenue allocations: vehicle license fee adjustment. *League position: Support.*
- **AB 2418 (Mullin)** Transportation: emerging transportation technologies: California Smart Cities Challenge Grant Program. *League position: Support.*

Senate Governance and Finance, 9:30 a.m., State Capitol, Room 112

- **HOT SB 1302 (Lara)** Cannabis: local jurisdiction: prohibitions on delivery. *League position: Oppose.*

May 7

Senate Appropriations, 10:30 a.m., State Capitol, Room 4203

- **SB 1038 (Leyva)** California Fair Employment and Housing Act: violations: personal liability. *League position: Oppose.*

May 8

Senate Judiciary, 1:30 p.m., State Capitol, Room 112

- **SB 1244 (Wiecokwski)** Public records: disclosure. *League position: Oppose.*

League-Sponsored Bond Agency Issues \$48 Million in Tax-Except Bonds for Affordable Housing in Santee

April 27, 2018

Some of the most significant benefits of League membership for cities since 1988 have flowed from the League's co-sponsorship of the California Statewide Communities Development Authority (CSCDA).

CSCDA recently issued \$48,000,000 in tax-exempt multi-family affordable housing bonds for Carlton Villas Apartments in Santee.

About Carlton Villas Apartments

Carlton Villas Apartments is an acquisition and rehabilitation of 130 multi-family affordable housing apartments by Santee Affordable Communities, LP. Logan Capital Advisors is the project sponsor. Carlton Villas Apartments will continue to be 100 percent affordable and provide one-, two- and three-bedroom apartments to low-income residents in Santee.

CSCDA and Logan Capital Advisors partnered with Citibank, N.A. and Orrick, Herrington & Sutcliffe, LLP to provide tax-exempt multi-family affordable housing bonds for Carlton Villas Apartments. The project will undergo an extensive interior and exterior renovation ensuring that residents have an updated, safe, and affordable community to call home for years to come. The financing of Carlton Villas Apartments will maintain the affordability of units for low-income tenants for 55 years.

Background

CSCDA is a joint powers authority created in 1988 and is sponsored by the League of California Cities® and the California State Association of Counties. It was created by cities and counties for cities and counties. More than 500 cities, counties and special districts are program participants in CSCDA, which serves as their conduit issuer and provides access to efficiently finance locally-approved projects. CSCDA has issued more than \$50 billion in tax exempt bonds for projects that provide a public benefit by creating jobs, affordable housing, healthcare, infrastructure, schools and other fundamental services. Visit CSCDA's website for additional information on the ways in which CSCDA can help your city.

Ballot Measure Advocacy and CitiPAC

April 27, 2018

This is a crucial election year for cities.

Both the June and November ballots will include several initiatives with the potential to severely impact California cities. The League of California Cities® will engage and support and oppose these measures.

In June, the League is supporting Proposition 68, the California Clean Water and Safe Parks Act that would invest \$4 billion to address the state's most important water, park, and natural resource needs. The League is also supporting Prop. 69, a measure to protect local transportation funding from being diverted to other uses. Prop. 72 is the final League-supported measure on the June ballot. It would exclude rainwater capture systems from property tax reassessments.

In November, the League and its coalition partners are gearing up to oppose two measures that would be devastating for California cities. Signatures have been filed for a measure that would repeal the SB 1 transportation infrastructure funding package passed by the Legislature in 2017 eliminating \$5.2 billion in annual funding for transportation and transit projects.

Perhaps even more concerning is a measure being circulated by the California Business Roundtable and funded by the American Beverage Association that would require a two-thirds vote of both the city council and the city electorate to pass any local tax or fee increases. This measure would effectively eliminate the ability of local governments to pay for vital services and projects moving forward. In addition to opposing these two measures, the League is supporting the passage of the SB 3 Housing Bond, which is also slated for the November ballot.

The League only uses nonpublic funds for its ballot measure advocacy. One way the League raises resources to advocate on ballot measures is through its political action committee (PAC), CitiPAC. Unlike candidate PAC's, CitiPAC funds can only be used to advocate on statewide ballot measures. The funds are never used to support candidates for office.

CitiPAC funds are raised through individual contributions from city officials and employees as well as through sponsorships of events throughout the year.

The most direct way that city officials, staff and others can support CitiPAC and the League's advocacy efforts is through a personal financial contribution. These funds will be used to pay for things such as signature gathering, mass media and communications, campaign consultants and voter engagement.

For more detailed information about the measures that the League is weighing in on and to make a contribution, please visit www.citipac.org.

Urge CalPERS to Take No Position on Legislation that Would Take Away Cost Effective and Effective Service Delivery Model

May 3, 2018

The CalPERS Board of Administration Finance and Administration Committee will be considering a formal position on AB 1912 (Rodriguez) at its meeting on Tuesday, May 15.

If this legislation becomes law, Joint Powers Authorities (JPAs) in California would cease to be a viable way for local governments and the state to collaborate in addressing service needs that cannot be achieved by each agency on its own. JPAs are formed to accomplish a wide range of services such as regional public improvements, local and statewide infrastructure, emergency communications, law enforcement, fire protection, emergency medical response and public financing.

Take Action Prior to CalPERS Meeting

The League wants cities to participate in a full court press on May 15 at the CalPERS Finance and Administration Committee. City testimony at recent CalPERS meetings on issues affecting cities has been effective in ensuring that action taken by the agency considers the local government effects.

City officials who are interested in testifying with the League to urge CalPERS to take no position on AB 1912, should make plans to come to Sacramento for the meeting. League Legislative Analyst Johnnie Pina is coordinating the League's participation in the meeting.

Cities that are unable to travel to Sacramento for the May 15 meeting should send the president of the CalPERS Board of Administration a letter. Letters should reflect vital role JPAs have in addressing public needs, the impact cities are already grappling with because of rising CalPERS contribution costs and unfunded liabilities and the devastating effect that attaching prospective and retrospective joint and several liabilities to new and current JPAs for all unfunded liabilities. It is important that cities tailor their letter to communicate how this legislation would impact their individual cities.

Letters should be sent by Tuesday, May 8 to:

Priya Mathur, President

CalPERS Board of Administration

400 Q Street

Sacramento, CA 95812

Scan and send your letter to Brad Pacheco, the deputy executive officer for communications and

stakeholder relations, CalPERS.

Please also email your letter to the following individuals:

- Theresa Taylor, chair, Finance and Administration Committee, CalPERS Board of Administration
- Bill Slaton, Local Government Employer Appointee, CalPERS Board of Administration,
- Marcie Frost, CEO, CalPERS,
- Dane Hutchings

What is at Stake?

This bill includes new unworkable requirements that would retroactively and prospectively apply joint and several liability for all retirement related obligations to any current or former member of a JPA throughout its existence. The obligations are extensive and include active employee normal pension costs, retiree unfunded accrued liabilities (UAL) as well as both active and retiree healthcare and other post-employment retirement benefits (OPEB). According to the State Controller's Office most recently available data, the unfunded liability of California's 130 state and local government pension plans stand at \$241.3 billion and \$125 billion for retiree healthcare costs. These costs and their impact on local governments cannot be overstated.

By applying joint and several liability, cities debts would dramatically rise and in many cases will exceed a cities' annual revenue without being approved by local voters. This is unconstitutional. California's constitutional debt limit prohibits a local government from incurring indebtedness beyond its ability to repay the debt with revenues from the same fiscal year without two-thirds voter approval. AB 1912 has significant implications for cities unfunded pension and OPEB liabilities. CalPERS contribution rates are increasing and are already straining city budgets. AB 1912 would make already high contributions even more staggering, threatening cities' ability to deliver services and retain employees.

What Cities Need to Know about Second Half of the 2018 Legislative Year

May 3, 2018

May marks the halfway point of the 2018 legislative year and city engagement in the second half of the session will be critical to ensuring that legislators understand and consider city perspectives in their final decisions on bills.

Cities should be ready to advocate on League priority bills.

The session is two weeks shorter in 2018 because it is an election year. The Legislature must conclude its business by midnight on Friday, Aug. 31. The Governor will then have 30 days to make decisions on bills sent to him for his signature or veto. Between now and the end of the session, there are a number of important milestones and deadlines cities should track carefully.

The Governor is expected to present his revised FY 2018–19 state budget next week. Although legislative budget committees have already begun hearings in the Capitol, that release will begin the more serious budget discussions and hearings. The Legislature must send the Governor a budget by June 15 for the fiscal year that begins July 1.

Appropriations committee hearings in both houses are now in full swing with the April 27 deadline for policy committees to hear fiscal bills a few weeks past. The appropriations committees must finish hearing all fiscal bills by May 25. May 11 is the last day for policy committees to hear non-fiscal bills.

With June 1 being the House of Origin deadline (bills introduced in one house must pass to the second house), no policy committees will meet the week of May 29. Floor sessions only will be held May 29–June 1. Legislative policy committees begin again the week of June 4. June 29 is the next fiscal bill deadline.

June 28 is another important date. This is the last day that a legislative measure can qualify for the November statewide ballot.

The Legislature will adjourn on July 6 for its summer recess and resume Aug. 6 for the final four weeks of session.

Check List Details Proper Protocol for Cities and City Officials to Follow When Engaging in Ballot Measure Activities

Do you have questions about what you can and cannot do for local and statewide ballot measure campaigns?

May 3, 2018

Do you have questions about what you can and cannot do for local and statewide ballot measure campaigns?

Cities have a great deal at stake at the ballot this year between local measures and statewide ballot initiatives affecting local government. It is imperative that cities and city officials follow the rules and regulations governing ballot measure activity and public resources.

The Institute for Local Government recently updated [Ballot Measure Activities & Public Resources](#) to help city officials and staff navigate this process.

The basic rule is that public resources may not be used for ballot measure campaign activities. However, they may be used for informational activities. The key difference is that campaign activities support or oppose a ballot measure, while informational activities provide accurate context and facts about a ballot measure to voters. For more information, please visit www.ca-ilg.org/ballot-measure-activities.

League-Sponsored Bond Agency Issues \$100 Million in Tax-Exempt Bonds for Hospital in Pasadena

May 3, 2018

Some of the most significant benefits of League membership for cities since 1988 have flowed from the League's co-sponsorship of the California Statewide Communities Development Authority (CSCDA).

CSCDA recently issued \$100,000,000 in tax-exempt bonds for Huntington Memorial Hospital in Pasadena.

About Huntington Memorial Hospital

Huntington Memorial Hospital, a nonprofit organization, is a 619-bed facility and home to the only level II trauma center in the San Gabriel Valley. Huntington is renowned for its programs in neurosciences, cardiovascular services and cancer care. It is an active teaching hospital with graduate medical education programs in internal medicine and general surgery. Since 1892, Huntington has served the San Gabriel Valley community and has been committed to excellence, compassion and respect.

CSCDA partnered with Barclays and Orrick, Herrington & Sutcliffe, LLP to provide the \$100,000,000 in Series 2018 bonds. The Series 2018 bonds were issued to make seismic safety related upgrades to Huntington's facilities which will preserve 75 inpatient hospital beds.

Background

CSCDA is a joint powers authority created in 1988 and is sponsored by the League of California Cities® and the California State Association of Counties. It was created by cities and counties for cities and counties. More than 500 cities, counties and special districts are program participants in CSCDA, which serves as their conduit issuer and provides access to efficiently finance locally-approved projects. CSCDA has issued more than \$50 billion in tax exempt bonds for projects that provide a public benefit by creating jobs, affordable housing, healthcare, infrastructure, schools and other fundamental services. Visit CSCDA's website for additional information on the ways in which CSCDA can help your city.

League Testimony on the Oversight of Massage Businesses Focuses on How Regulatory System Serves Cities, Law Enforcement and Business Owners

May 3, 2018

The Senate Business, Professions and Economic Development Committee convened an informational hearing on April 30 to discuss the California Massage Therapy Council, cities local land use authority and the persistence of human trafficking.

Ron Bates, a former mayor and council member from Los Alamitos, League president, and Pico Rivera city manager, testified before the committee as the League's representative to CAMTC.

The April 30 hearing provided an opportunity for Mr. Bates to highlight the ways in which CAMTC works with the League, the California Police Chiefs Association. He spoke of how this has been instrumental in opening productive lines of communication between the organizations on issues related to business operations, public safety and land use.

"The laws the Legislature has passed with respect to massage therapy have assisted cities in the provision and regulation of safe and therapeutic massage to their residents in their respective cities," said Mr. Bates.

In the past few years, the League and CAMTC have worked collaboratively in a variety of capacities. The League and CAMTC are encouraging cities to update and refine their ordinances consistent with state law. CAMTC senior staff have presented at League conferences and to the League's City Attorneys' Department. Mr. Bates also complimented CAMTC's massage therapy school certification process.

Sen. Jerry Hill (D-San Mateo), chair of the committee, as well as some of the individuals representing massage therapists were critical during the hearing of local land use regulations such as conditional use permits and other requirements. The senator expressed that he believes that massage businesses should be regulated in the same manner as other professions such as chiropractors and acupuncturists. However, it must be noted that the professions under that section of the law, must be licensed by the State of California and have an associated state board that regulates the industry. CAMTC is a private nonprofit association that offers a voluntary certificate that massage therapists can chose to pursue or not.

The hearing also covered human trafficking and sexual exploitation, with a representative from Polaris, a global organization dedicated to combating human trafficking, gave startling testimony on the volume

of human trafficking in California. Rochelle Keyhan, director of Disruption Strategies with Polaris, referenced a study that found that approximately 9,000 illicit massage establishments operate in the nation. This is approximately \$2.5 billion in annual revenue. She told the committee that San Francisco and Los Angeles are the two largest ports of entry for people being trafficked in the nation.

Next Steps

The League will be putting out additional information in the coming weeks on massage business regulation and local land use authority. Cities should take Sen. Hill's comments seriously that he is interested in making changes to local land use authority regulating massage therapy businesses in communities.
